OPERABLE UNIT 3

OFF SITE AREAS

The Administrative Record file for Operable Unit 3 is complemented by the Sitewide Administrative Record File which is included in this index. The Sitewide Administrative Record file contains many of the key documents which provide a history of the contamination of the Rocky Flats Environmental Technology Site as well as documents concerning issues affecting many or all of the Operable Units at the site. Documents in the Sitewide file include technical studies, historical release reports, the Community Relations Plan, and many other documents.
